Dear Zev;

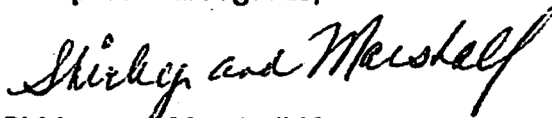

Your garage enthusiasm impressed us right from the beginning. You had some great design ideas that we have seen materialize right before our eyes. The before and after photos are amazing. It is now a pleasure to watch the garage door open as I drive in. It is also much easier to find our supplies, tools etc.

Gosha, who headed our construction team, did a neat, professional, and skilled installation of our gladiator system. Gosha put in some long hours on the job and was very anxious to please us. We appreciate all his efforts and advice.

Carl's artistic touch helped unify the environment and jazz up the place. We love it!

We would be more than happy to offer our highest recommendations for you and your crew.

Best personal regards,

Shirley and Marshall Keys
